**MARINER**<sup>®</sup>  
At Home With the Elements

## THE SONANCE MARINER SERIES.

Taking indoor-quality speakers outdoors.

Great music goes with everything. And now it can go anywhere, thanks to the spectacular Mariner line of all-weather, hi-fidelity speakers. Eight new contoured designs install in seconds on poles, awnings and boats, in corners and caves, or in SoundHenge<sup>®</sup> rocks. And paintable, weather-resistant enclosures require nothing but a good hosing-down to maintain.

Your customers appreciate pristine-quality sound wherever they dine, relax, or play. Now you can deliver. Call (800) 582-7777 to find out how. Or visit [www.sonance.com](http://www.sonance.com) for more information.
