Dali's IKON Loudspeaker Series Makes a Statement...

In the March issue of the UK-based "Hi-Fi News" the **IKON 6** was in a shoot-out against some respected names in the loudspeaker industry: Acoustic Energy Aelite Three, Monitor Audio RS8 and Triangle Antal Esw. **The IKON 6 was awarded the "Best Buy" of the bunch.**

Former Hi-Fi News chief-editor and renowned reviewer Steve Harris wrote: **"It's an excellent all-rounder, it's unfussy about room positioning and proves to be endlessly listenable. ...the IKON 6 just feels more like a real music loudspeaker. It has dynamics and detail, but also the subtle textures, overall coherence and stereo staging ability that audiophiles want..."**

To finish the job, he comments on the vinyl finish of the IKON 6,

"...a finish that's indistinguishable from real wood."

We couldn't have said it better - thank you Steve!

Take full advantage of this ammo, and other accolades the IKON series has recently received, including:

- Awarded "**Best Stereo Speaker 2005**" by What Hi-Fi

- Awarded the "**HIGHLIGHT**" award by Stereoplay
- Awarded **5 stars** by Polish Audio Video Magazine
- Awarded "**Best Stereo Speaker 2005 under \$3000**" by the Australian Magazine "Smarthouse"
