Introducing . . . **The NEW SubContractor™ Subwoofer Series**

EXCLUSIVELY FOR CUSTOM INSTALLERS

Velodyne's new SC Series gives you the flexibility to meet any custom installation bass need, in any room, with a powerful, easy-to-install line of built-in subwoofers with incredible bass "unseen" in the industry.

LIVE PRESENTATION AND Q&A SESSION

Velodyne Acoustics is hosting a **FREE** webinar designed to help you understand how you can benefit from installing the SubContractor Series. We'll introduce the series then focus on the first in-wall subwoofer that fits flush into a standard 2x4 wall with performance like nothing you've heard from an in-wall subwoofer before.

Still trying to decide if you should attend this important **FREE** one-hour event? Here are five reasons for registering now!

- 1) *The complete line-up of the SubContractor Series is designed to meet ANY custom installation need, whether it's in-room, in-wall, in-floor, in-ceiling.*
- 2) *The SubContractor Series blows away the competition with real bass performance that your customers will never "see"!*
- 3) *Many have tried but . . . this is the first in-wall done right! It fits in a standard 2x4 wall and it performs (it REALLY performs). EASY to install and service with no special preparation required!*
- 4) *The rack-mountable SC-1250 amp that powers the SC Series features 1250 watts RMS (3000 watts peak) power, 7-band Auto-EQ and lots more!*
- 5) *This sub series exclusively for CI's is done by Velodyne - hands down the best bass in the business.*

AGENDA

1. *Introduce the SubContractor Subwoofer Series*
2. *Close-up on the SC-IW (In-Wall), Including Installation Overview*
3. *Live Q&A Session*
